NOTICE:

We love our community and we hope you do too! This is a friendly reminder to do your part to keep our community looking beautiful. With the cool weather quickly approaching, we would like to encourage everyone to clean up their yards as needed.

- Trees should be trimmed to clear sidewalk obstructions and for their overall health
- Tree stakes should be removed once a tree's root system is established (approximately 12-18 months)
- Stones and bricks around garden beds should be weeded and straightened
- Inspect and wash your siding as needed

Violations to the community deed restrictions can be reported to the management company for further action.

Conducting any activity on someone's property without their consent is trespassing which can and will be reported to law authorities for enforcement.
